## YOUR CHOICE, YOUR PERSONAL RIGHT

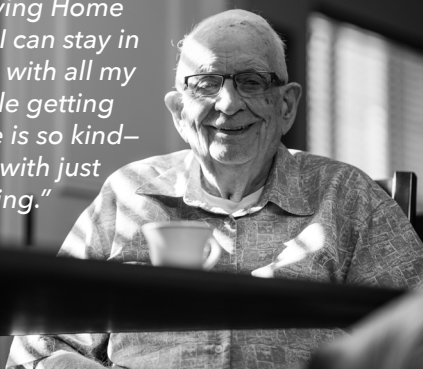

Did you know you have the right to choose your home care service provider? As an advocate for the people we serve, we feel it's important to remind you to find the provider that's right for you.

### What You Can Do:

- Choose a trusted home care service provider.
- Before leaving the hospital or rehabilitation center, ask your discharge planner or case manager to contact your selected home care provider.
- You or a family member can call the home care provider directly any time to schedule service.

*"I really like having Home Care because I can stay in my own home with all my memories while getting care. Everyone is so kind—they help me with just about everything."*
